## TEAM BUILDING & OUTDOOR EDUCATION

### PROGRAM POLICIES

#### COVID-19 Pandemic Adjustments

Due to the Covid-19 Pandemic, we have had to make changes to our Team Building offerings. We currently are offering modified Group Initiatives and Low Ropes, as well as the following High Ropes events: Climbing Wall, Vertical Challenge, Leap of Faith, High Ropes Circuit Course, and Zip Line. We are not offering Giants Ladder or Commitment Bridge.

#### Weather Policies

Team Building groups participate in outside elements regardless of rain or shine. In case of thunderstorms, groups are required to wait 30 minutes from the most recent thunderclap before resuming climbing. If severe weather disrupts your Team Building reservation, your group has the opportunity to rebook for a different date or receive a full refund for teambuilding charges.

#### September-May

Team Building and Outdoor Education programs run at full capacity from September-May. Reservations can be made for both day-use and overnight groups at YMCA Camp Ihduhapi.

<b>Minimum Group Size</b>	8 people
<b>Maximum Group Size*</b>	180 people
<b>Maximum amount of people in each small group: 15 people</b>	

\*The maximum group size is ever-changing during the COVID-19 Pandemic. Please reach out with questions.

#### Meal Information

YMCA Camp Ihduhapi is not currently offering meal service due to the COVID-19 Pandemic. If you are looking to book in the Spring of 2021 or after, please reach out. Meal service will be offered in the future.

#### June-August

During the months of June, July, and August, reservations for our Team Building facilities have limited availability. **Please note that we are not able to accommodate meals or facility rentals during these months.**

<b>Minimum Group Size</b>	8 people
<b>Maximum Group Size</b>	<b>Monday-Friday:</b> 25 people
	<b>Saturday:</b> 50 people
<b>Elements Available</b>	<b>Monday-Friday:</b> High Circuit Course Leap of Faith Low Ropes/Group Initiatives
	<b>Saturday:</b> Full Availability

## PROGRAM DESCRIPTIONS

### GROUP INITIATIVES & LOW ROPES COURSES

Looking to build camaraderie for your group? There is no faster or better way to connect people than through activities that inspire teamwork and problem-solving. These large group, small group, and low rope initiative activities provide just the right amount of challenge and discomfort to help all participants learn, grow, and feel successful.

Low ropes exercises are exciting, collaborative challenges that our staff tailors to meet the group's needs. The ultimate goal is to provide a fun, safe environment in which your group can build trust and communication through teamwork.

We can also come to you! If you would like to offer Group Initiatives at your site we can pack up our props and lead 1-3 hours of activities. The same rates apply as listed with an additional fee of 58 cents/mile for travel expenses. Maximum group size of 100 from September - October. Maximum group size of 30 from November - August.

### Adventure Hunt

Our Adventure Hunt program uses the competitive spirit to have fun and grow together. The adventure is a massive scavenger hunt challenge where teams work together to solve clues all across our 170 acres. Once all clues are discovered, the group must unscramble their findings to break a secret code.

### CLIMBING EVENTS & HIGH ROPES COURSES

#### HIGH CIRCUIT CHALLENGE

High ropes courses are situated higher off the ground than low courses, the perceived risks—and rewards—are often much greater. In addition, because of their greater height, fellow participants help support their peers using team belay. High circuit challenges involve great tests of strength, stamina and mental focus.

#### GIANT ZIPLINE

The excitement of a zip line provides a reward for the effort of climbing up our 45 ft. climbing tower. Clipping into a safety system, the person zipping steps off the platform and then zooms across our A-field, eventually being supported by staff as they descend back down to earth.

#### LEAP OF FAITH

The Leap of Faith Pole challenges individuals to set goals and build self-confidence as they climb. Climbers will attempt to stand on the top of the pole and leap off, in hopes of reaching the hanging rope. Transform from average human to a superhero!

#### GIANT'S LADDER

Participants climb in pairs and challenge themselves to climb as far as they can. Climbers must cooperate, support each other and trust their partners. \*Currently Unavailable.

#### COMMITMENT BRIDGE

Work with a partner to reach your fullest potential. Two participants work together to try to make it as far as they can along the bridge. Shaped like a V, this event becomes more challenging the farther the participants progress.

#### CLIMBING TOWER

Participants climb in pairs. Climbers go as far as they can while being supported by the rest of the group.
