**NOTE ON GENDER AT MENOGYN:** YMCA of the North's camping programs welcome all participants into our programming including transgender, gender non-conforming, gender non-binary, and other gender expansive campers. Campers who identify with any of these categories are always welcome to register for our single gender trips according to where they feel most comfortable. Additionally, we offer several all gender trips to better serve this population of young people. Our all gender trips are open to any camper seeking a trail experience less defined by gender, regardless of the gender identity they hold.

Please note that not all sessions have offerings for Boys, Girls, and All Gender trips. You will see the available offerings next to the trip dates listed below.
