Engage Students will learn from people, places and spaces that have helped shape current environmental justice policies and activism, and how to preserve and protect Mother Earth for current and future generations.

Empower Students will assess and critique issues such as political power, racism, colonization and segregation, activism, and equitable access to resources, and explore their relationship with this land through diverse cultural lenses.

Course dates: September 6, 2022-October 29, 2023, Immersion experience on site at Camp Northern Lights: September 21-25, 2023. Registration begins March 21, 2023. For course related questions, contact Ana.Munro@nhcc.edu or camp-related questions, Daniel.obrien@ymcamn.org
