## 2025 Family Handbook

### About YMCA Day Camps

YMCA Day Camps are wonderful places for your child to experience fun, outdoor adventures in the summer! New and returning campers thrive during a week packed full of exciting, structured traditional and specialty activities. Campers participate in small, age-appropriate groups where they build self-esteem and learn new skills. Our experiences are built on the Y's Core values of caring, honesty, equity, respect and responsibility.

Our goal is to give all kids the opportunity to discover who they are and what they can achieve. Day Camp is an enrichment program and the next step in youth development. Day Camp gives traditional camp experiences during the day. Each child will benefit from this connection with nature.

## Life at Camp

### Our Camp Community

YMCA Programs are about learning skills, developing character and making friends. But few environments are as special as camp, where kids become a community as they learn both how to be more independent and how to contribute to a group as they engage in camp activities.

**Camp Groups.** Campers are assigned to camp groups based on age and program choice (i.e. Specialty/ Traditional Camp). Counselors will lead the camp group through a rotation of scheduled camp activities. In addition to the group rotations, camp often gives campers the opportunity to interact with some of the other groups through large group, or all camp activities.

**Camp Staff.** Each staff member goes through an extensive hiring process including criminal history background & national sex offender check, reference checks, and interview.

They receive training in camp program areas, relating to children, health and safety skills, and are First Aid and CPR certified. Camp staff members are committed to being positive role models for campers.

### Camp Activities

Campers will experience a variety of activities during their camp experience. Our camp staff aim to encourage campers' creativity, skill development, and understanding of the world around them. Often times, during these creative learning experiences in a camp setting, campers are exposed to the natural elements of camp. They will experience dirt, mud, bugs, plants, and various types of weather—but **camp will go on**. Our staff are trained to recognize and avoid unsafe situations. However, if your child has a specific reaction (*allergies, fears, etc*) to any camp elements; be sure to indicate this in their health information. Also if necessary, to help us work with your camper, please fill out the Camper **Individual Care Plan**, found on our website.

Campers registered for Specialty Camps will spend a portion of each day in their specialty area—weather permitting. If weather makes it unsafe to run a specialty activity, camp staff will lead alternative programming. In addition, they will do their best to make up activity time lost later in the week **if the schedule allows**.

### Camp Store

Camp merch and tie dye items can be purchased by sending cash or check with your camper during their week at camp.

**Note: Day camps will not be running online stores in 2025.** (All campers will have the opportunity to tie dye during their week at camp.)

There will be camp store items available to purchase at camp & during family nights; You may send your camper with cash or a check made out to the YMCA to purchase tie-dye items we have on-hand.

An order form can be found & printed from our website: please note stock of some items will vary throughout Summer. *(Past designs pictured below)*

### Pro Tip

*Check your camper's backpack for information handouts and schedules on Monday on what your camper's week will look like.*

### Water Activities

All swimming and watercraft activities are supervised by Certified Lifeguards.

Personal Flotation Devices are worn by campers and staff at all times during boating/watercraft activities, and are provided by camp.

Each camper's swim ability will be tested on their first day of swimming, IF they have swimming on their schedule that week.

Weebackpackers & Little Seeds Campers (ages 4-5) always wear PFD's during swim time.

**Note: not all camp groups will swim, or canoe.** *Younger day camp groups are more likely to have swimming on their schedule, older day camp groups are more likely to have canoeing on their schedule. Some camps that have other field trips will not swim, or canoe.*

YMCA of the North teams will then collaborate with you and your family to determine what accommodations we may be able to put in place and to provide a response guided by our core values if we are unable to accommodate part or all of your request.

Most YMCA Day Camp programs are not specially designed for children with complex medical or behavioral needs, so this form is a great first step for identifying potential accommodations.

## Diversity & Inclusion

It is the YMCA of the North's vision to serve our community relentlessly, until all can thrive in each stage of life. At camp, we gladly welcome campers regardless of race, ability, creed, national origin and gender.

Please contact us directly if you have perspective on you camper that may help us to better support your camper while they are at camp or complete our [Individual Camper Care Plan](#), found on our website.

The [Teen Release Waiver](#) is for campers (12+) in our teen/Trail Blazer programs, that when filled out and submitted allows teens to check themselves out from the bus.

The [Individual Camper Care Plan](#) is if you think there is anything important or specific the counselor should know about working with your child. This includes, detailed allergy information, camper's fears/reservations, behavior concerns and tips etc.

## Camper Behavior Policy

At the Y we believe that every family and child should have access to camp. We aspire to create a camp community that is safe, inclusive, welcoming, and exemplifies the Y's core values of Caring, Honesty, Respect, Responsibility, and Equity. We recognize that campers come to us with a range of backgrounds, experiences, and history, and that this may be reflected in their mental or behavioral health while at camp. While working with children at camp our goal is to collaborate with families. To help in this effort, we utilize an Individual Camper Care Plan to help us inform and prepare our staff. We ask for families to fill out this form only if there are special concerns or situations that you feel we need to know. The more detailed information and helpful "tips" you can give, the better prepared we are to work with your child. The individual Camper Care Plan can be found here: [Individual Camper Plan](#)

It is our goal that Day Camp staff make every effort to ensure all campers have a safe and positive camp experience. We believe our success at camp stems from a safety-first mentality. Day Camp is designed to be a fun and amazing outdoor experience for kids, but we recognize that the small and large group activities may not always be the best fit for all campers.

In order to best support the safety and enjoyment of camp, we approach Social Emotional Learning as strategy for systemic improvement for all as it supports adults to strengthen practices that promote equity. Social Emotional Learning is the process through which all young people and adults acquire and apply knowledge, skills, and attitudes to develop healthy identities, manage emotions, achieve personal and collective goals, feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions. We believe that our campers have the opportunity for growth and support within the five pillars of Social Emotional Learning and development- self-awareness, self-management, responsible decision making, relationship skills, and social awareness.

While working toward our goals of providing a safe and positive camp experience we may implement Action Plans. Action Plans are tailored to children and their specific needs. We work in partnership with campers, families, and camp staff to determine appropriate action plans for a camper. When determining action plans we strive to partner with families and meet campers where they are at in their development, all while keeping safety at the forefront.

We train and empower our camp counselors to support campers' individual needs with the implementation of action plans. These action plans are designed to work with campers on a personal basis to reach success while ensuring we are meeting each camper where they are at.

When a situation becomes harmful to an individual, the group, or when it cannot be resolved, then we will bring in additional support from the Camp Leadership team. Examples of this could be a camper running away from their group or not staying within sight and hearing range of their staff members, bullying toward another camper or staff. Our Day Camp Leadership teams include a small team of Blue Card® holders trained in CPI Nonviolent Crisis Intervention®. This team is trained in crisis intervention, de-escalation, non-restrictive and restrictive intervention. If camper behavior escalates to physical violence, endangering the health and safety of themselves, other children, or staff, purposefully hurting themselves, another child or staff, restrictive intervention will only be deployed as a last possible resort due to extreme danger or intent to harm. **Our Y Camping teams hold a range of compassion and expertise, but we are not mental health professionals, social workers, or 1:1 camper to staff support.**

We will support your child the best we can to make camp as successful as possible. If change has not been made after a thorough action plan, should a camper need support that goes beyond what we can safely provide, or, should a situation escalate to a level where we can no longer safely find a resolution for the camper an action plan may determine the need for a child to be removed from a program for any amount of time, including the remainder of the summer season.

The above serves as an overview of how our camps help to ensure the success and safety of all our campers. If you have questions regarding further details of our procedures, or if you have concerns regarding your camper's needs, please contact the Camp Director.

## Health & Safety

### Illness Procedures & Guidelines

For the health & safety of all campers, please do not send your child to camp if they are ill. If your child is ill and must miss camp, please notify camp by email. Sick day refund requests can only be approved with a doctor's note.

### Injury & Illness at Camp

Campers are well looked after. Camp staff are First Aid & CPR certified.

We will treat bumps, bruises, and scrapes. For an injury that requires more attention than our staff are trained to do, Y Staff will:

- Call 911, perform immediate first aid and contact you or emergency contacts, if you cannot be reached.
- If emergency transport is required, a staff member will accompany the child to the hospital and remain until the parent/guardian arrives.

**Pro Tip** *Don't be alarmed if you get a call from camp. We like to get input on even minor health, homesickness, and behavioral issues.*

In the case of illness, parents or emergency contacts are called to make arrangements for treatment or pick-up.

If your child is ill and must miss camp, please notify camp by email or text to our camp phone.

### Medications

Medication will be turned into a camp leader upon arrival.

Medication must be in the original container and marked clearly with dosage, frequency and camper's name. This includes over-the-counter drugs.

Please only send medication that will be needed for your child's week at camp.

The **Medication Form** will need to be completed upon arrival and turned in with prescription and non-prescription medications. This form can be found at <https://www.ymcanorth.org/adventure/paperwork>.

## Health & Safety

### Inclement Weather

Camp is held rain or shine. Please make sure your camper dresses for the weather, with appropriate rain gear. On rainy days, Your child may return home wet and muddy! Many times, the best camp memories are made on days splashing in puddles!

In extreme heat situations, certain activities may be cancelled to keep campers safe. Campers will be monitored and encouraged to drink more water. More water games and shaded activities will be encouraged.

In the case of severe weather, some or all of camp may be bussed to a nearby indoor location. The Camp Director will notify families as soon as possible about camper safety and any bussing delays. Updates will also be posted on our Facebook page, and sent via email and pre-recorded call.

### Air Quality

In times of Air Quality Alerts, we carefully follow the guidance from the Minnesota Pollution Control Agency, National Weather Service, CDC, and Minnesota Department of Health.

We monitor and adjust programming to ensure children can safely participate in our outdoor programs.

Adjustments include slowing down physical activity, emphasizing hydration, and spending more time in the shade.

For campers with specific health concerns, sensitivity to air quality, or other concerns, we encourage guardians to send an N95 mask &

### Severe Heat

To keep participants safe during extremely hot days, we will occasionally cancel certain activities. We always encourage participants to drink lots of water, play more water games, and stay in the shade.

**Your child's safety and welfare are our top priorities.**

As always, you know your camper best. If you believe your camper would not thrive on a day with lower air quality or severe heat and would prefer to keep your camper home, please notify camp by email. Refunds will not be offered due to air quality or severe heat. Families may also elect to do early pickup (anytime before 2:45pm) if you determine an early pickup would be appropriate, as air quality and severe heat often increases throughout the day.

### Child Protection Policy

Your child's safety is our top priority. If you witness or feel that your child is in danger of any type of verbal, physical, sexual or emotional abuse, please report it to our Human Resource Department at 612-465-0551. Parents/guardians may observe the program at any time.

***Like all other experiences, camp is not risk-free.***

*Please refer to our waiver on our website if you would like to review our indemnification policies.*

### Risks at Camp

YMCA Day Camps are members of the American Camp Association, meaning we are rigorously held accountable on over 300 standards regarding health & wellness, transportation safety, aquatic and program safety and more. These standards guide us to use the best practices regarding camper safety & behavior, staff training and much more.

Nonetheless, like all other experiences, camp is not risk-free. Please refer to our waiver on our website if you would like to review our indemnification policies.
