About YMCA Day Camps

YMCA Day Camps are wonderful places for your child to experience fun, outdoor adventures in the summer! New and returning campers thrive during a week packed full of exciting, structured traditional and specialty activities. Campers participate in small, age-appropriate groups where they build self-esteem and learn new skills. Our experiences are built on the Y's Core values of caring, honesty, respect, responsibility and equity.

Our goal is to give all kids the opportunity to discover who they are and what they can achieve. Day Camp is an enrichment program and the next step in youth development. Day Camp gives traditional camp experiences during the day. Each child will benefit from this connection with nature.

About DayCroix

Our Camp Community

YMCA Programs are about learning skills, social, emotional development, and making friends. But few environments are as special as camp, where kids become a community as they learn both how to be more independent and how to contribute to a group as they engage in camp activities.

Camp Groups. Campers are assigned to camp groups based on age and program choice (i.e. Specialty/Traditional Camp). Counselors will lead the camp group through a rotation of scheduled camp activities.

In addition to the group rotations, camp often gives campers the opportunity to interact with some of the other groups through large group or all camp activities.

Camp Staff. Each staff member goes through an extensive hiring process including criminal history background & national sex offender check, reference checks, and interview.

They receive training in camp program areas, relating to children, health and safety skills, and are First Aid and CPR certified. Camp staff members are committed to being positive role models for campers.

Pro Tip

Check your camper's backpack for information handouts and schedules on Monday on what your camper's week will look like.

Camp Store

Tie dye items are available to purchase during your

week at camp. Please send cash or check with your camper or give to a camp staff. We will have a small number of items available during Family Nights. We have white tie dye items on site for purchase!

Camp Activities

Campers will experience a variety of activities during their camp experience. Our camp staff aim to encourage campers' creativity, skill development, and understanding of the world around them. Often times, during these creative learning experiences in a camp setting, campers are exposed to the natural elements of camp. They will experience dirt, mud, bugs, plants, and various types of weather—but camp will go on. Our staff are trained to recognize and avoid unsafe situations. However, if your child has a specific reaction (*allergies, fears, etc*) to any camp elements; be sure to indicate this in their health

Pro Tip

If your child is especially prone to mosquito bites, be sure to send long layers (long sleeve shirts/pants) to help prevent future discomfort.

information. Also if necessary, to help us work with your camper, please fill out the Camper **Individual Care Plan** found on our website.

Campers registered for Specialty Camps will spend a portion of each day in their specialty area—weather permitting. If weather makes it unsafe to run a specialty activity, camp staff will lead alternative programming. In addition, they will do their best to make up activity time lost later in the week **if the schedule allows**.

Diversity & Inclusion

Please contact us directly if you have perspective on you camper that may help us to better support your camper while they are at camp or complete our **Individual Camper Care Plan**, found on our website.

Camper Behavior Policy

At the Y we believe that every family and child should have access to camp. We aspire to create a camp community that is safe, inclusive, welcoming, and exemplifies the Y's core values of Caring, Honesty, Respect, Responsibility, and Equity. We recognize that campers come to us with a range of backgrounds, experiences, and history, and that this may be reflected in their mental or behavioral health while at camp. While working with children at camp our goal is to collaborate with families. To help in this effort, we utilize an Individual Camper Care Plan to help us inform and prepare our staff. We ask for families to fill out this form only if there are special concerns or situations that you feel we need to know. The more detailed information and helpful "tips" you can give, the better prepared we are to work with your child. The individual Camper Care Plan can be found here: [Individual Camper Plan](#)

It is our goal that Day Camp staff make every effort to ensure all campers have a safe and positive camp experience. We believe our success at camp stems from a safety-first mentality. Day Camp is designed to be a fun and amazing outdoor experience for kids, but we recognize that the small and large group activities may not always be the best fit for all campers.

In order to best support the safety and enjoyment of camp, we approach Social Emotional Learning as strategy for systemic improvement for all as it supports adults to strengthen practices that promote equity. Social Emotional Learning is the process through which all young people and adults acquire and apply knowledge, skills, and attitudes to develop healthy identities, manage emotions, achieve personal and collective goals, feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions. We believe that our campers have the opportunity for growth and support within the five pillars of Social Emotional Learning and development- self-awareness, self-management, responsible decision making, relationship skills, and social awareness.

While working toward our goals of providing a safe and positive camp experience we may implement Action Plans. Action Plans are tailored to children and their specific needs.

We work in partnership with campers, families, and camp staff to determine appropriate action plans for a camper. When determining action plans we strive to partner with families and meet campers where they are at in their development, all while keeping safety at the forefront.

We train and empower our camp counselors to support campers' individual needs with the implementation of action plans. These action plans are designed to work with campers on a personal basis to reach success while ensuring we are meeting each camper where they are at.

When a situation becomes harmful to an individual, the group, or when it cannot be resolved, then we will bring in additional support from the Camp Leadership team. Examples of this could be a camper running away from their group or not staying within sight and hearing range of their staff members, bullying toward another camper or staff. Our Day Camp Leadership teams include a small team of Blue Card® holders trained in CPI Nonviolent Crisis Intervention®. This team is trained in crisis intervention, de-escalation, non-restrictive and restrictive intervention. If camper behavior escalates to physical violence, endangering the health and safety of themselves, other children, or staff, purposefully hurting themselves, another child or staff, restrictive intervention will only be deployed as a last possible resort due to extreme danger or intent to harm. Our Y Camping teams hold a range of compassion and expertise, but we are not mental health professionals, social workers, or 1:1 camper to staff support.

We will support your child the best we can to make camp as successful as possible. If change has not been made after a thorough action plan, should a camper need support that goes beyond what we can safely provide, or, should a situation escalate to a level where we can no longer safely find a resolution for the camper an action plan may determine the need for a child to be removed from a program for any amount of time, including the remainder of the summer season.

The above serves as an overview of how our camps help to ensure the success and safety of all our campers. If you have questions regarding further details of our procedures, or if you have concerns regarding your camper's needs, please contact the Camp Director.

Health & Safety

Illness Procedures & Guidelines

For the health & safety of all campers, please do not send your child to camp if they are ill. If your child is ill and must miss camp, please notify camp by email. Extended sickness refund requests can only be approved with a doctor's note.

If your camper contracts a communicable disease, parents/guardians must notify the Camp Director as soon as possible. The Camp Director will inform other participants in writing about the communicable disease. Please follow the below guidelines before sending your camper back to camp:

- **Influenza like illness:** Keep your camper home until fever free for 24 hours, without medication.
- **Vomiting or Diarrhea:** please keep camper home until 24 hours after last episode of vomiting or diarrhea.

- **Head Lice:** Keep camper home until first completed treatment and no lice and/or nits are visible.

Injury & Illness at Camp

Campers are well looked after. Camp staff are First Aid & CPR certified.

We will treat bumps, bruises, and scrapes. For an injury that requires more attention than our staff are trained to do, Y Staff will:

- Call 911, perform immediate first aid and contact you or emergency contacts, if you cannot be reached.
- If emergency transport is required, a staff member will accompany the child to the hospital and remain until the parent/guardian arrives.

In the case of illness, parents or emergency contacts are called to make arrangements for treatment or pick-up.

If your child is ill and must miss camp, please notify camp by email.

Medications

Medication will be turned into a camp leader upon arrival.

Medication must be in the original container and marked clearly with dosage, frequency and camper's name. This includes over-the-counter drugs.

Pro Tip

Don't be alarmed if you get a call from camp. We like to get input on even minor health,

Health & Safety

Inclement Weather

Camp is held rain or shine. Please make sure your camper dresses for the weather, with appropriate rain gear. On rainy days, Your child may return home wet and muddy! Many times, fun filled activities are held in our large tented areas at camp.

In extreme heat situations, certain activities may be cancelled to keep campers safe. Campers will be monitored and encouraged to drink more water. More water games and shaded activities will be encouraged and indoor activities may be scheduled.

In the case of severe weather, campers will be indoors on location. The Camp Director will notify families as soon as possible about camper safety and any bussing delays. Updates will also be posted on our Facebook page, and sent via email.

Air Quality

In times of Air Quality Alerts, we carefully follow the guidance from the Minnesota and Wisconsin Pollution Control Agencies, National Weather Service, CDC, and Minnesota and Wisconsin Departments of Health. We monitor and adjust programming to ensure children can safely participate in our outdoor programs.

Adjustments include slowing down physical activity, emphasizing hydration, and spending more time in the shade.

For campers with specific health concerns, sensitivity to air quality, or other concerns, we encourage guardians to send an N95 mask and speak with a camp leader for accommodations.

Severe Heat

To keep participants safe during extremely hot days, we will occasionally cancel certain activities. We always encourage participants to drink lots of water, play more water games, stay in the shade, and take breaks indoors.

Your child's safety and welfare are our top priorities.

As always, you know your camper best. If you believe your camper would not thrive on a day with lower air quality or severe heat and would prefer to keep your camper home, please notify camp by email. Refunds will not be offered due to air quality or severe heat. Families may also elect to do early pickup (anytime before 2:45pm) if you determine an early pickup would be appropriate, as air quality and severe heat often increases throughout the day.
