

UNLOCK IT!

BY YMCA OF THE NORTH

The Marsh Wellness Center, Minnetonka

Unlock It! is a fun adventure challenge for all ages. Using your feet, problem-solving ability, and teamwork, follow the clues to reveal a set of letters. Once you have all the letters, unscramble them to form the keywords that solve this *Unlock It!*!

PRESENTED BY

HealthPartners
Park Nicollet

The answers to the clues below reveal key letters needed to solve your *Unlock It!* adventure.

CLUE 1 Look up to the deck of the Marsh on your left. There is a sculpture of a girl lounging on a chair. What activity is she doing?

1

CLUE 2 Keep following the path to the west. Once you reach the turnaround in the path, look at the bench there. Count how many wooden slats make up the back of the bench and spell out the number.

2

CLUE 3 Follow the path back to the east side of the building and take the path to your right. Notice that the path forms an outside perimeter to a grassy "island" area. How many trees do you count inside that grassy island area?

3

CLUE 4 You have to watch your step on the small path or you will trip on these, which keep the trees in the ground and absorb the nutrients from the ground needed for the trees to grow.

4

CLUE 5 Cross the boardwalk and when you reach the end of the paved path, take a left and keep going until you are almost to the residential street. Look for a sign near the entrance to the park. What is the name on the sign?

5

CLUE 6 Reverse course and follow the gravel path out onto an island in the Marsh. Once there, find your way down to a dock on the waterway and take time to enjoy the peace of being in this beautiful spot. When ready to proceed, walk up the steps, saying the alphabet, one letter per step. Stop one step before the top and write down the letter that step represents as the answer to this clue.

6

CLUE 7 Find a new trail to circle the island and find your way back. Once on the boardwalk again, take a break to gather your bearings. Complete the blank compass below by writing in the correct cardinal directions.

7

Once you have done this, decide which direction you can see the farthest. Circle the third letter of that direction and write it here as the key letter to this clue.

CLUE 8 Continue on the path beyond the entrance into the woods you came from originally. As the path approaches a roadway, find the "Planting for Pollinators" sign which explains that "animal partners _____ pollen between flowers as they feed."

8

You have completed all the clues. Return to a bench near the start area to finish your adventure.

Carry down the letters from the clues above into the placeholder shown for each clue #.

Clue # 1 2 3 4 5 6 7 8

Now complete your *Unlock It!* adventure by unscrambling the letters into your keyword.

Congratulations!

Use the QR code to submit the keyword for a chance to win fun prizes. Or visit the website below.
